## HONORS DAY

HONORS DAY is observed annually as an occasion upon which the University of Illinois gives public recognition to those students who excel in scholarship.

The University Senate, in establishing Honors Day, provided that "announcement shall be made of the names of undergraduate students who have distinguished themselves in scholarship during the two previous semesters; with the exception that in the case of freshmen the honors award is to be based upon the grades for one semester only."

The students whose names appear in this program have won recognition by fulfilling the requirements for one or more of the three following classifications of honors:

*Class Honors*

*College Honors*

*University Honors*

The general Senate Rules for Recognition of Honor Students and Rules of Procedure by which such students are selected appear on later pages of this program.

## AMERICA, THE BEAUTIFUL

O beautiful for spacious skies  
For amber waves of grain  
For purple mountain majesties  
Above the fruited plain.

America! America!

God shed His grace on thee,  
And crown thy good with brotherhood  
From sea to shining sea.

O beautiful for patriot dream  
That sees beyond the years  
Thine alabaster cities gleam  
Undimmed by human tears.

America! America!

God shed His grace on thee,  
And crown thy good with brotherhood  
From sea to shining sea.

— Katharine Lee Bates

## SCHOLARSHIP KEY

The right to wear the University of Illinois Scholarship Key, which is illustrated on the program cover, is granted to three groups of students:

(1) To those students whose names have appeared in the Honors Day program three times, or for College Honors two times.

(2) To seniors who attain University Honors. Students in this group are entitled to wear a key of special design — with a star implanted upon the “I.”

(3) To those transfer students who have not been in attendance here enough semesters to qualify as required above, but who attain College Honors as seniors.

These students receive a Scholarship Key Certificate on the day of the Convocation. An asterisk appears beside their names in the printed program.

# GENERAL SENATE RULES FOR RECOGNITION OF HONOR STUDENTS

## COLLEGE HONORS

Students in the upper three per cent of the sophomore, junior, and senior classes in the several colleges are awarded College Honors in recognition of their superior scholarship, provided that no student shall be included whose average is below 4.5 for the two semesters just prior to the Honors Convocation.

## UNIVERSITY HONORS (BRONZE TABLET)

(1) Those seniors who have been in the upper three per cent of their class in the several colleges in the four semesters in which they were considered for junior and senior honors, and, therefore, have been awarded College Honors in both junior and senior years, are awarded University Honors in recognition of their sustained excellence in scholarship, and are entitled to have their names inscribed on the Bronze Tablet.

(2) Any graduating senior student who has earned College Honors twice, and whose combined scholastic average for all semesters prior to the one in which he is scheduled to graduate is equal to or higher than the lowest four-semester average listed for students currently chosen for University Honors from this student's college under (1), also is entitled to have his name inscribed on the Bronze Tablet.

(3) A graduating senior transfer student who has not been at the University of Illinois long enough to be considered under (1) or (2) is entitled to have his name on the Bronze Tablet provided that he has taken at least forty hours at the University of Illinois, that his combined scholastic average for the semesters prior to his graduation is equal to or higher than the lowest four-semester average currently listed for University Honors from this student's college under (1), and that his scholastic average for his transferred credits is at least equal to the lowest average currently listed for University Honors from the same college under (1).

## CLASS HONORS

In recognition of high scholarship, the University awards Class Honors to students (freshmen, sophomores, juniors, and seniors) not eligible for College Honors but (1) who are in the upper ten per cent of their respective classes in their colleges and (2) whose scholastic average for each semester included in the average calculated for honors recognition is not less than 4.0.

## HONORS DAY RULES OF PROCEDURE

(1) Averages are computed to three decimal places by the Office of Admissions and Records. Grades considered for honors are those earned in semesters of residence as follows: (a) freshman honors, first semester; sophomore honors, second and third semesters; junior honors, fourth and fifth semesters; senior honors, sixth and seventh semesters; or (b) one semester and two summer sessions where there has been no intervening registration in a regular semester; or (c) for students requiring more than eight semesters to graduate, senior honors will be based upon two semesters preceding the semester in which the student is scheduled to graduate. For such students junior honors may also be deferred upon recommendation of the college in which the student is registered. Grades used in determining honors for students shall be those on file in the Office of Admissions and Records. Transfer grades to be considered must be on the records of the Office of Admissions and Records of the University of Illinois at the close of the semester for which honors are being computed.

(2) Students who transfer more than twenty hours are not eligible for Class Honors as freshmen; and no students, other than freshmen, are considered for honors until they have been in residence for two semesters or their equivalent.

(3) Students are classified as to colleges for honors according to their registration during the last semester which is considered in averaging their grades.

(4) Students are eligible for Class, College, or University Honors, irrespective of whether or not they are in residence after the last semester which is considered in averaging their grades.

(5) Students who graduate in less than eight semesters are not considered for Senior Honors prior to graduation. If earned, these honors will be awarded after graduation.

(6) Only those students are considered who have earned in courses at least twelve hours of credit during each semester under consideration. Any semester average considered must be at least 4.0.

(7) Unclassified students are not considered.

(8) Special examinations are disregarded in computing the status of students for honors.

(9) A first semester thesis course in which the grade is deferred is counted toward the minimum schedule requirement in rule 6 above, but is disregarded in computing the average.

(10) No student shall appear in the Honors Day program two years as a member of the same class, i.e., Freshman, Sophomore, Junior, or Senior.

(11) Minor changes may be made from time to time as occasion demands in these Rules of Procedure by the Senate Committee on Honors Day, without specific reference to the University Senate.
